Corona Virus

Thank you for your patience and understanding at this time. We have been putting up notices and giving all volunteers updates as we receive them regarding new information on Coronavirus. Please ensure you wash your hands and keep us updated if you feel sick or have recently travelled. Please take the time to read the posters!

COVID-19 Safety Protocols for meal delivery

To provide extra protection for both clients and volunteers during meal delivery it is recommended that MOW providers implement these physical distancing and hygiene measures.

1. Sanitize hands before and after each delivery
2. Ask clients to place a small table or chair just outside of their Door, if they are able to for the volunteer to place the delivery on.
3. Volunteers should knock on the door, and step back 1.5 metres and wait for the client to collect the meals.
4. Volunteers should continue to have brief chats with the clients from this distance.

Congratulations
